

The **Compendium of Philippine Environment Statistics (CPES)** is a compilation of statistical information collected from various government agencies and statistical publications. It is an adoption of the UN Framework for the Development of Environment Statistics (FDES) 2013.

The **Framework for the Development of Environment Statistics (FDES 2013)** is a flexible, multi-purpose conceptual and statistical framework that sets the scope of environment statistics and provides an organizing structure to guide the collection and compilation of environment statistics at the national level.

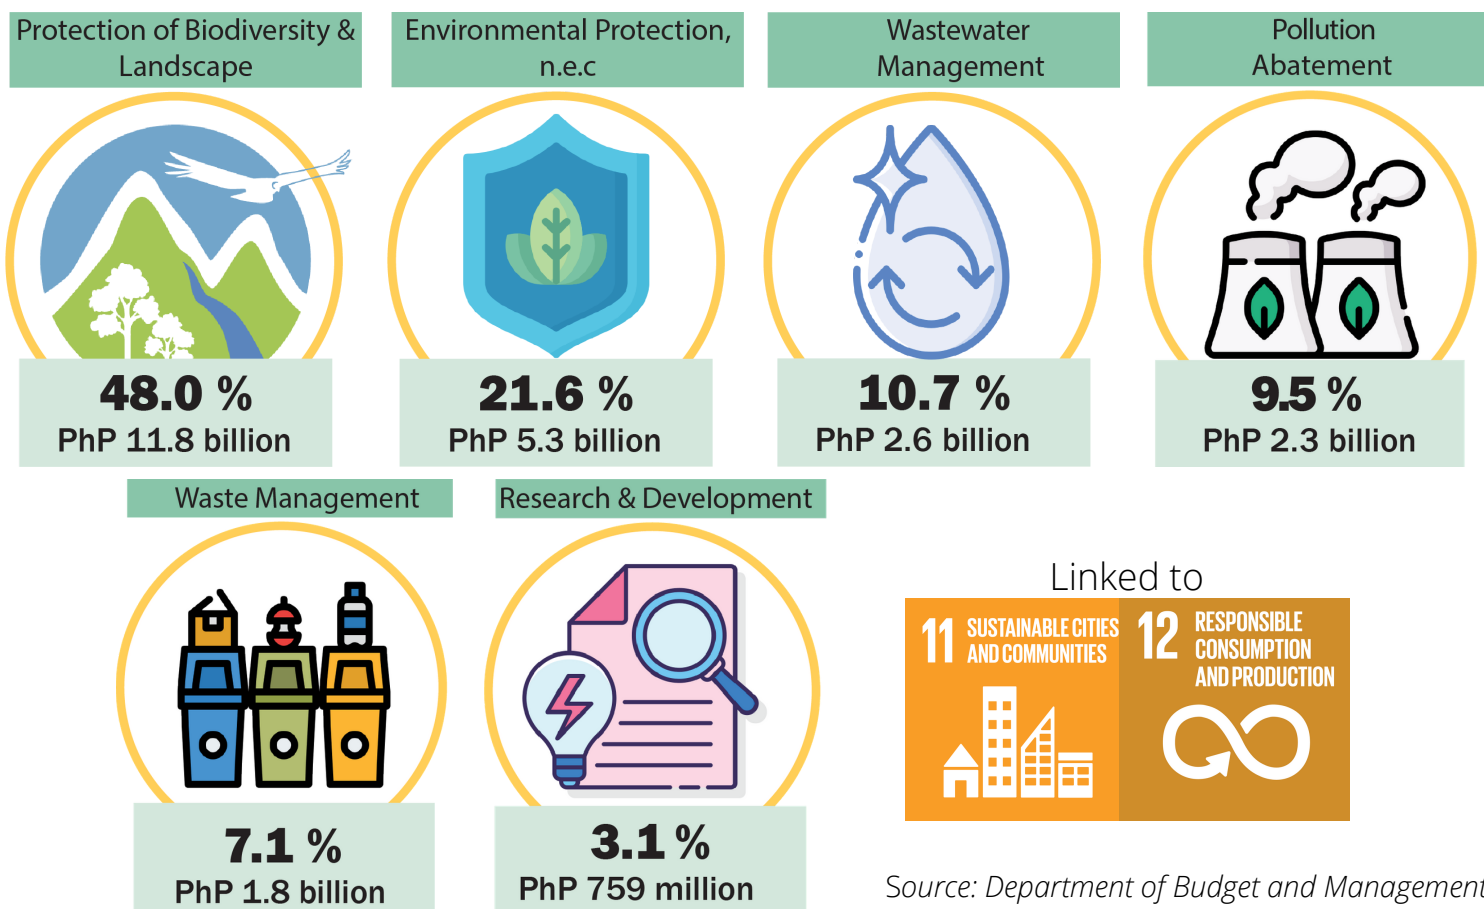

Component 6: Environment Protection, Management, and Engagement

This component consists information on expenditures, regulations, and other activities such as international agreements focusing on the protection of the environment and management of resources.

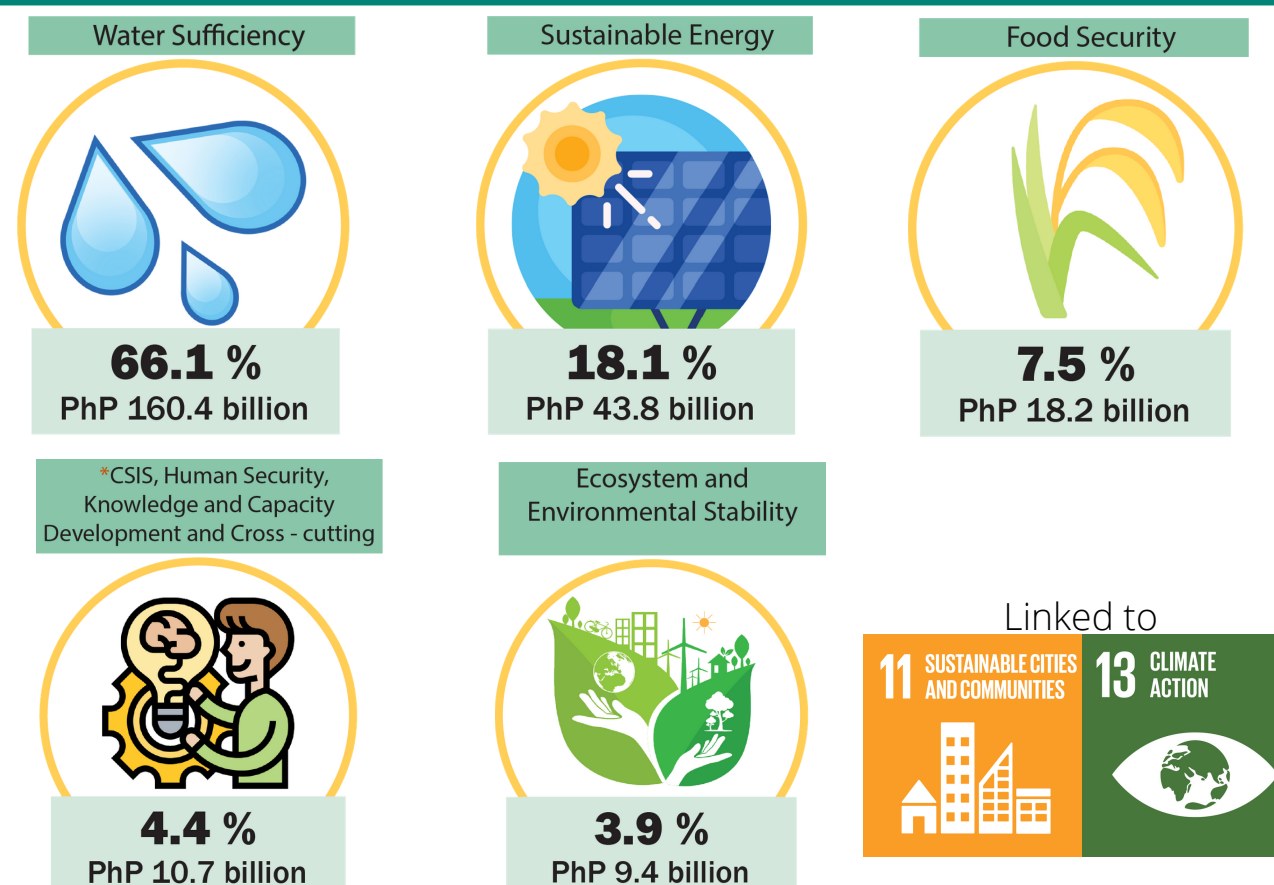

¹ based on UN FDES 2013

GOVERNMENT ENVIRONMENT PROTECTION EXPENDITURE, 2019

GOVERNMENT CLIMATE CHANGE EXPENDITURE, 2019
