

PHILIPPINE STATISTICAL **DEVELOPMENT PROGRAM** 2018-2023

THE PHILIPPINE STATISTICAL DEVELOPMENT PROGRAM

- The National Strategy for the Development of Statistics of the Philippines.
- Mechanism for setting directions, thrusts and priorities of the PSS in the medium term for the generation and dissemination of statistical information for policy and decision-making of the government, private sector and general public.
- Contains priority statistical development programs and activities designed to provide vital information in support to national development planning and international commitments.
- A tool for integrating and coordinating the statistical activities of the government.

Vision

By 2023...

Solid, responsive, innovative statistical system for an empowered Philippines.

Goals

Adequate, timely, reliable, and relevant statistics for evidence-based decision making.

Increased awareness, understanding, appreciation, and trust of the general public on statistics.
